

Grand planks (Laderfabriken)

Oak, rustic, 16x190x500/2900mm, basalt grey

Structure: Birch plywood – 12mm thick
Oak top layer - 4 mm thick

In floor production is used:

- European Oak
 - Dried in Lithuania to 8% (+-1.5%)
- Swedish AkzoNobel water-based 2-component dispersion adhesive.
- Birch exterior moisture resistant plywood, E1 quality (tested by Fraunhofer WKI (Institute for Wood Research - Wilhelm-Klauditz-Institut in Braunschweig, Germany).

Oiling at the factory

At the factory is applied 1 coat of Classic Base oil Basalt grey color.
German product from company Berger Seidle.GmbH.
Produced on basis of natural, sustainable raw materials.
Classic® BaseOil meets the requirements of BGR 181 and DIN 51130 class R9, R10 and R11 as to slip resistance.
